## AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed unconsolidated statement of financial position of Zarai Taraqiati Bank Limited ("the Bank") as at December 31, 2015 and the related unconsolidated profit and loss account, unconsolidated statement of comprehensive income, unconsolidated cash flow statement and unconsolidated statement of changes in equity together with the notes forming part thereof (here-in-after referred to as the "financial statements"), for the year then ended, in which are incorporated the unaudited certified returns from the branches except for one hundred and twenty five branches which have been audited by us and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Bank's Board of Directors to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with the approved accounting standards and the requirements of the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XL VII of 1984). Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the International Standards on Auditing as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and after due verification, which in the case of loans and advances covered more than sixty percent of the total loans and advances of the Bank, we report that:
(a) in our opinion, proper books of accounts have been kept by the Bank as required by the Companies Ordinance, 1984 (XLVII of 1984), and the returns referred to above received from the branches have been found adequate for the purposes of our audit;
(b) in our opinion:
(i) the unconsolidated statement of financial position and unconsolidated profit and loss account together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
(ii) the expenditure incurred during the year was for the purpose of the Bank's business; and
(iii) the business conducted, investment made the expenditure incurred during the year were in accordance with the objects of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank;

BDO Ebrahim \& Co.<br>Chartered Accountants

Riaz Ahmad \& Company<br>Chartered Accountants

(c) in our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated profit and loss account, unconsolidated statement of comprehensive income, unconsolidated cash flow statement and unconsolidated statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Banking Companies Ordinance,1962(LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), in the manner so required and give a true and fair view of the state of the Bank's affairs as at December 31, 2015 and its true balance of the profit, its comprehensive income, its cash flows and changes in equity for the year then ended; and
(d) in our opinion, Zakat deductible at source under the Zakat and Ushr Ordinance 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under Section 7 of that Ordinance.

We draw attention to Note 16.5 \& 43 to the unconsolidated financial statements whereby it is stated that, during the prior years the Bank obtained borrowings and subordinated loan from the State Bank of Pakistan (SBP), which was converted into share deposit money based on the decision made in the meeting held on July 11, 2014 among Ministry of Finance (MoF), SBP, Securities \& Exchange Commission of Pakistan and the Bank, which was pending for legal and corporate formalities. However, subsequent to the balance sheet date the Board in their meeting held on February 02, 2016 resolved to convert the principal debt (Note 16) and subordinated loan (Note 18) into redeemable preference shares and mark-up on SBP's debts (Note 16.5) into ordinary share of the Bank. Further, in consultation with SBP, a resolution by circulation dated February 19, 2016 was approved by the Board of Directors of the Bank and it has been agreed that debt and existing mark-up shall be accrued upto the balance sheet date as per the existing arrangements and will be converted into redeemable preference shares and ordinary shares, respectively. The decision made by the Board of Directors is pending for members' approval.

Our report is not qualified in respect of the above matter.
The unconsolidated financial statements of the Bank for the year ended December 31, 2014, were audited by llyas Saeed \& Co. Chartered Accountants and Riaz Ahmad \& Company Chartered Accountants, who had expressed unqualified opinion with emphasis of matter on the conversion of borrowings and mark up from State Bank of Pakistan (SBP) into equity of Bank vide their report dated March 27, 2015.

## DIRECTOR

DIRECTOR
PRESIDENT

# ZARAI TARAQIATI BANK LIMITED <br> NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015 

## 1 STATUS AND NATURE OF BUSINESS

### 1.1 Reorganization and conversion

The Federal Government in its cabinet meeting held on August 28, 2002 decided for the reorganization and conversion of Agricultural Development Bank of Pakistan into a public limited company for the purposes of ensuring good governance, autonomy, delivering high quality and viable financial services to a greater number of rural clientele and adequate returns to stake holders. Accordingly, the Agricultural Development Bank of Pakistan (Reorganization and Conversion) Ordinance, 2002 was promulgated for taking over the entire undertaking of Agricultural Development Bank of Pakistan and for matters connected therewith or incidental thereto.

### 1.2 Status

As required under section 3 of the Agricultural Development Bank of Pakistan (Reorganization and Conversion) Ordinance, 2002, Zarai Taraqiati Bank Limited ("the Bank") was incorporated as a public limited company under the Companies Ordinance, 1984 on October 23, 2002. Consequently, under SRO 823 (1) / 2002 dated November 18, 2002, all the assets, contracts, liabilities, proceedings and undertakings of Agricultural Development Bank of Pakistan were transferred to, and vested in Zarai Taraqiati Bank Limited on December 14, 2002, the effective date specified by the Federal Government, on the basis of net worth determined at Rs. 8.7 billion. The Bank's registered and principal office is situated at 1-Faisal Avenue (Zero Point), Islamabad. The Bank operates 438 (2014: 416) branches in Pakistan as at close of the year.

### 1.3 Nature of business

The main purpose of the Bank is to provide sustainable rural finance and services particularly to small farmers and low-income households to strengthen the rural and agricultural sector, mitigate poverty, capital market and investment activities and other banking business.

## 2 BASIS OF PRESENTATION

2.1 These financial statements represent separate financial statements of the Bank. The consolidated financial statements of the Bank and its subsidiary are being issued separately.
2.2 The State Bank of Pakistan (SBP) vide Banking Surveillance Department (BSD) Circular No. 4 dated February 17, 2006 has issued 'Revised forms of Annual Financial Statements. These unconsolidated financial statements have been presented in accordance with such revised form.

## 3 STATEMENT OF COMPLIANCE

3.1 These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the provisions of the Companies Ordinance, 1984, the Banking Companies Ordinance, 1962 or directives issued by the Securities and Exchange Commission of Pakistan (SECP) and the State Bank of Pakistan (SBP). In case requirements differ, the provisions of the Companies Ordinance, 1984, the Banking Companies Ordinance, 1962 and the directives issued by the Securities and Exchange Commission of Pakistan (SECP) and the State Bank of Pakistan (SBP) shall prevail.
3.2 The State Bank of Pakistan has deferred the applicability of International Accounting Standard (IAS) 39, 'Financial Instruments: Recognition and Measurement' and IAS 40, 'Investment Property' for Banking Companies through BSD Circular No. 10 dated August 26, 2002. The Securities and Exchange Commission of Pakistan (SECP) has deferred applicability of International Financial Reporting Standard (IFRS) 7 "Financial Instruments: Disclosures" on banks through SRO 411(1)/2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by the State Bank of Pakistan through various Circulars.
3.3 IFRS 8, 'Operating Segments' is effective for the Bank's accounting period beginning on or after January 01, 2009. All banking companies in Pakistan are required to prepare their annual financial statements in line with the format prescribed under BSD Circular No. 4 dated February 17, 2006, 'Revised Forms of Annual Financial Statements', effective from the accounting year ended December 31, 2006. The management of the Bank believes that as the SBP has defined the segment categorisation in the above mentioned circular, the SBP requirements prevail over the requirements specified in IFRS 8. Accordingly, segment information disclosed in these financial statements is based on the requirements laid down by the SBP.

## 4 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO PUBLISHED APPROVED ACCOUNTING STANDARDS

There are new and amended standards and interpretations that are mandatory for accounting periods beginning on or after January 01, 2015 but are considered not relevant or do not have a significant effect on the Bank's operations and are detailed as below:

### 4.1 Standards or interpretations that are effective in current year but not relevant to the Bank

The following new standards and interpretations have been issued by the International Accounting Standards Board (IASB) which have been adopted locally by the Securities and Exchange Commission of Pakistan vide SRO 633(I)/2014 dated July 10, 2014 with effect from following dates. The Bank has adopted these accounting standards and interpretations which do not have significant impact on the Bank's financial statements other than certain disclosure requirement about fair value of financial instruments as per IFRS 13 "Fair Value Measurement".

> Effective date
> (annual periods
> beginning on or after)

| IFRS 10 | Consolidated Financial Statements | January 1, 2015 |
| :--- | :--- | :--- |
| IFRS 11 | Joint Arrangements | January 1, 2015 |
| IFRS 12 | Disclosure of Interests in Other Entities | January 1, 2015 |
| IFRS 13 | Fair Value Measurement | January 1, 2015 |
| IAS 27 | Separate Financial Statements (Revised 2011) | January 1, 2015 |
| IAS 28 | Investments in Associates and Joint Ventures (Revised 2011) | January 1, 2015 |

4.2 Amendments that are effective in current year but not relevant to the Bank

The Bank has adopted the amendments to the following accounting standards which became effective during the year:

# Effective date <br> (annual periods <br> beginning on or after) 

IAS 19
Employee Benefits - Amended to clarify the requirements that relate to how contributions from employees or third parties that are linked to service should be attributed to periods of service

July 1, 2014
The Annual Improvements to IFRSs that are effective for annual periods beginning on or after January 01, 2015 are as follows:
Annual Improvements to IFRSs (2010-2012) Cycle:
IFRS 2 Share - based payments
IFRS 3 Business Combinations
IFRS 8 Operating Segments
IFRS 13 Fair Value Measurement
IAS $16 \quad$ Property Plant and Equipment
IAS $24 \quad$ Related Party Disclosures
IAS 38 Intangible Assets
Annual Improvements to IFRSs (2011-2013 Cycle):
IFRS 3 Business Combinations
IFRS 13 Fair Value Measurement
IAS 40 Investment Property

## Amendments not yet effective

The following amendments and interpretations with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standard or interpretation:

|  |  | Effective date (annual periods beginning on or after) |
| :---: | :---: | :---: |
| IFRS 10 | Consolidated Financial Statements - Amendments regarding the sale or contribution of assets between an investor and its associate or joint venture and application of the consolidation exception | January 01, 2016 |
| IFRS 11 | Joint Arrangements - Amendments regarding the accounting for acquisitions of an interest in a joint operation | January 01, 2016 |
| IFRS 12 | Disclosure of Interests in Other Entities - Amendments regarding the application of the consolidation exception | January 01, 2016 |
| IAS 1 | Presentation of Financial Statements - Amendments resulting from the disclosure initiative | January 01, 2016 |
| IAS 16 | Property, Plant and Equipment - Amendments regarding the clarification of acceptable methods of depreciation and amortisation and amendments bringing bearer plants into the scope of IAS 16 | January 01, 2016 |
| IAS 27 | Separate Financial Statements (as amended in 2011) -Amendments reinstating the equity method as an accounting option for investments in in subsidiaries, joint ventures and associates in an entity's separate financial statements | January 01, 2016 |
| IAS 28 | Investments in Associates and Joint Ventures - Amendments regarding the sale or contribution of assets between an investor and its associate or joint venture and the application of the consolidation exception | January 01, 2016 |
| IAS 38 | Intangible Assets - Amendments regarding the clarification of acceptable methods of depreciation and amortisation | January 01, 2016 |
| IAS 41 | Agriculture - Amendments bringing bearer plants into the scope of IAS 16 |  |
|  |  | January 01, 2016 |
| The Annual Improvements to IFRSs that are effective for annual periods beginning on or after January 01, 2016 are as follows: |  |  |
| Annual Improvements to IFRSs (2012-2014) Cycle: |  |  |

IFRS $5 \quad$ Non-current Assets Held for Sale and Discontinued Operations
IFRS $7 \quad$ Financial Instruments: Disclosures
IAS 19 Employee Benefits
IAS $34 \quad$ Interim Financial Reporting
4.4 Standards or interpretations not yet effective

The following new standards and interpretations have been issued by the International Accounting Standards Board (IASB), which have not been adopted locally by the Securities and Exchange Commission of Pakistan:
IFRS 1 First Time Adoption of International Financial Reporting Standards
IFRS $9 \quad$ Financial Instruments
IFRS 14 Regulatory Deferral Accounts
IFRS 15 Revenue from Contracts with Customers

The effects of IFRS 15 - Revenues from Contracts with Customers and IFRS 9 - Financial Instruments are still being assessed, as these new standards may have a significant effect on the Bank's future financial statements.
The Bank expects that the adoption of the other amendments and interpretations of the standards will not have any material impact and therefore will not affect the Bank's financial statements in the period of initial application.

## 5 BASIS OF MEASUREMENT

These financial statements have been prepared under the historical cost convention, as modified for the revaluation of certain investments which are carried at fair value and obligations under employee retirement benefits, which are measured at present value.
These financial statements are presented in Pak Rupees, which is the Bank's functional and presentation currency. The amounts are rounded to the nearest thousand Rupees.

## 6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.
6.1 Staff retirement benefits

The Bank operates the following staff retirement benefits for its employees:
a) Pension scheme

The Bank operates defined benefit funded pension scheme approved by the income tax authorities, for its eligible employees who opted for the employees' benefits scheme, introduced in 1975 and 1977 for clerical / non-clerical staff and for executives / officers, respectively. The Bank's costs are determined on the basis of actuarial valuation carried out by independent actuary by using 'Projected Unit Credit Method'.
b) Gratuity scheme

The Bank operates defined benefit funded gratuity scheme approved by the income tax authorities, for its eligible employees who did not opt for the employees' benefits scheme, introduced in 1975 and 1977 for clerical / non-clerical staff and for executives / officers, respectively. Annual contributions are made on the basis of actuarial recommendations.
c) Provident fund scheme

The Bank operates a defined contribution funded provident fund scheme for its employees who did not opt for the employees' benefit scheme introduced in 1975 and 1977 for clerical / non-clerical staff and for executives / officers respectively. Under this scheme, equal contributions at defined rates are made by the member employees and the Bank. The Bank also operates noncontributory provident fund for its employees who opted for the new employees' benefit scheme, as mentioned above. Under this, non-contributory provident fund, contributions at defined rates are made by its member employees only. Both of these provident funds are approved by the income tax authorities.
d) Benevolent scheme

The Bank also has two funded defined benefit benevolent fund schemes for its employees, separately for officers and for clerical and non-clerical staff. Equal contribution to these schemes are made by employees and the Bank. The Bank is also liable to meet any shorffall in the fund, determined on the basis of actuarial valuation.
e) Post retirement medical benefits

The Bank operates an unfunded defined benefit post retirement medical benefit scheme for all of its employees. Provision is made in the financial statements for the benefit based on actuarial valuation. Actuarial gains / losses are accounted for in the manner similar to pension scheme.
f) Employees compensated absences

The Bank accounts for all accumulating compensated absences when the employees render service that increases their entitlement to future compensated absences. The compensated absences are only encashable at the time of retirement and that too for a certain period provided in the terms of employment. Provision is made in the financial statements for the benefit based on entitled un-availed leave balances carried forwarded to the next year on the basis of actuarial valuation carried out using the 'Projected Unit Credit Method'.

### 6.2 Cash and cash equivalents

Cash and cash equivalents comprise of cash, balances with treasury banks and balances with other banks.

### 6.3 Advances

Advances are stated net of provision for non-performing advances. Provision for non-performing advances is determined on the basis of Prudential Regulations issued by the SBP and charged to profit and loss account. Advances are written off when there is no realistic prospect of recovery. Further, advances are charged off in accordance with the Prudential Regulations issued by the SBP.

### 6.4 Investments

The Bank classifies its investments as follows:

## Held-for-trading

These are securities, which are either acquired for generating profit from short-term fluctuations in market prices, interest rate movements, dealers margin or are securities included in a portfolio in which a pattern of short-term profit taking exists.

## Held-to-maturity

These are investments with fixed or determinable payments and fixed maturity in respect of which the Bank has the positive intent and ability to hold till maturity.

## Available-for-sale

These are investments, other than those in subsidiary and associates, that do not fall under the 'held for trading' or 'held-tomaturity' categories.
Investments are initially recognized at cost which in case of investments other than 'held for trading' include transaction costs associated with the investment.
All purchases and sales of investments that require delivery within the time frame established by regulation or market convention are recognized at the trade date. Trade date is the date on which the Bank commits to purchase or sell the investment.

In accordance with the requirements of the State Bank of Pakistan, quoted securities, other than those classified as 'held to maturity', 'investment in subsidiary' and 'investments in associates' are subsequently re-measured to market value. Surplus / (deficit) arising on revaluation of quoted securities which are classified as 'available for sale', is taken to a separate account which is shown in the balance sheet below equity. Surplus / (deficit) arising on valuation of quoted securities which are classified as 'held for trading', is taken to the profit and loss account for the current year.

Unquoted equity securities (excluding investments in subsidiary and associates) are valued at the lower of cost and break-up value. Break-up value of equity securities is calculated with reference to the net assets of the investee company as per the latest available audited financial statements. Investments classified as 'held to maturity' are carried at amortized cost.

## Investments in Subsidiaries and Associates

Investments in subsidiaries and associates are valued at cost less impairment, if any. A reversal of an impairment loss on subsidiaries and associates is recognized in the profit and loss account as it arises provided the increased carrying value does not exceed cost.

Gains and losses on disposal of investments in subsidiaries and associates are included in the profit and loss account.

### 6.5 Operating fixed assets and depreciation / amortization

## Property and equipment

Property and equipment except freehold land and capital work-in-progress are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Freehold land and capital work-in-progress are stated at cost less accumulated impairment losses, if any.
Depreciation is computed over the estimated useful lives of the related assets at the rates set out in note 12.2. Depreciation is charged on reducing balance method except for vehicles, computer equipment and leasehold land which are depreciated / amortized on straight line method. The residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each statement of financial position date.

Depreciation on additions is charged from the month the assets are available for use while no depreciation is charged in the month in which the assets are disposed off.
Gains / losses, if any, on disposal of operating fixed assets are charged to profit and loss account during the year.
Subsequent costs are included in the asset's carrying amount or are recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit and loss account.

## Capital work in progress

Capital work-in-progress are stated at cost less impairment losses (if any) and consist of expenditure incurred, advances made and other costs directly attributable to operating fixed assets in the course of their construction and installation. Cost also includes applicable borrowing costs, if any. Transfers are made to relevant operating fixed assets category as and when assets are available for use intended by the management.

## Intangible assets

Intangible assets are stated at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized from the month when these assets are available for use, using the straight line method, whereby the costs of the intangible assets are amortized over its useful life over which economic benefits are expected to flow to the Bank. The useful lives are reviewed and adjusted, if appropriate, at each statement of financial position date.

### 6.7 Impairment

The carrying value of assets are reviewed at each statement of financial position date for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists, and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amounts. Recoverable amount is the higher of fair value less costs to sell and value in use. The resulting impairment loss is taken to the profit and loss account except for the impairment loss on revalued assets, which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of that asset.

### 6.8 Assets acquired in satisfaction of claims

The Bank occasionally acquires assets in settlement of certain advances. These are stated at lower of the carrying value and the current fair value of such assets.

### 6.9 Taxation

## Current

Provision for current taxation is based on taxable income at the current rate of taxation after taking into account tax credits, exemptions and rebates as laid down in the applicable income tax law. The charge for current tax also includes adjustments wherever considered necessary, relating to prior years which arise from assessments framed / finalized during the year.

## Deferred

Deferred tax is provided using the balance sheet liability method, providing for all temporary differences between the carrying amounts of assets and liabilities for the financial reporting purposes and the amount used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities using the tax rates enacted at the statement of financial position date. A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available and the credits can be utilized. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefits will be realized. The Bank also recognizes deferred tax asset / liability on deficit / surplus on revaluation of securities in accordance with the requirements of International Accounting Standard (IAS) 12 'Income Taxes'. The related deferred tax asset / liability is adjusted against the related deficit / surplus.

## Prior years

The taxation charge for prior years represents adjustments to the tax charge relating to prior years, arising from assessments and changes in estimates made during the current year, except otherwise stated.

### 6.10 Borrowings / deposits and their costs

Borrowings / deposits are recorded at the proceeds received.

Borrowings / deposits costs are recognized as an expense in the period in which these are incurred using effective mark-up / interest rate method.

### 6.11 Sale and repurchase agreements

Securities sold subject to a repurchase agreement (repo) are retained in the financial statements as investments and the counter party liability is included in borrowings. Securities purchased under an agreement to resell (reverse repo) are not recognized in the financial statements as investments and the amount extended to the counter party is included in lendings to financial institutions. The difference between the purchase / sale and re-sale / re-purchase price is recognized as mark-up income / expense on a time proportion basis, as the case may be.

### 6.12 Revenue recognition

Mark-up / interest on advances and returns on investments are recognized on a time proportion basis using the effective interest method except that mark-up / interest on non-performing advances and investments is recognized on a receipt basis, in accordance with the requirements of the Prudential Regulations issued by the State Bank of Pakistan (SBP). Where the debt securities are purchased at premium or discount, such premium / discount is amortised through the profit and loss account over the remaining period of maturity.

Fee, brokerage and commission income is recognized on accrual basis.
Profit / (loss) on sale of investments is credited / charged to profit and loss account for the current year.
Income from interbank deposits in saving accounts is recognized in the profit and loss account as it accrues using the effective interest method.

Dividend income is recognized when the Bank's right to receive has been established.
Recoveries against loans written-off under Government relief packages are accounted for on cash receipt basis.
Operating lease rentals are recorded in profit and loss account on a time proportion basis over the term of lease arrangements.

### 6.13 Provisions

Provisions are recognized when the Bank has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each statement of financial position date and are adjusted to reflect current best estimates.

### 6.14 Foreign currencies

Transactions in foreign currencies are translated to Pak Rupees at the foreign exchange rate prevailing on the transaction date. Monetary assets and liabilities in foreign currencies are expressed in Pak Rupee terms at the rates of exchange prevailing at the statement of financial position date.

### 6.15 Financial instruments

Financial assets and liabilities are recognized when the Bank becomes a party to the contractual provisions of the instrument. These are derecognized when the Bank ceases to be the party to the contractual provisions of the instrument.

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently measured at fair value, amortized cost or cost, as the case may be.

## Financial assets

Financial assets are cash and balances with SBP and NBP, balances with other banks, lending to financial institutions, investments, advances and other receivables. Advances are stated at their nominal value as reduced by appropriate provisions against non-performing advances, while other financial assets excluding investments are stated at cost. Investments classified as available for sale are valued at mark-to-market basis and investments classified as held to maturity are stated at amortized cost.

## Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangement entered into. Financial liabilities include borrowings and other liabilities which are stated at their nominal value. Financial charges are accounted for on accrual basis.

Any gain or loss on the recognition and derecognition of the financial assets and liabilities is included in the net profit and loss for the period in which it arises.

## Impairment - financial assets

A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.
An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount, and the present value of the estimated future cash flows discounted at the original interest rate.
Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics. All impairment losses are recognized in profit or loss.

An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognized. For financial assets measured at amortized cost the reversal is recognized in profit and loss account.

### 6.16 Offsetting

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legally enforceable right to set off and the Bank intends either to settle on a net basis, or to realize the assets and settle the liabilities, simultaneously.

### 6.17 Fair value measurement

A number of assets and liabilities included in the financial statements require measurement at, and/or disclosure of, fair value.
The fair value measurement of the Bank's financial and non-financial assets and liabilities utilize market observable inputs and data as far as possible. Inputs used in determining fair value measurements are categorised into different levels based on how observable the inputs used in the valuation technique utilised are (the 'fair value hierarchy'):

Level 1: Quoted prices in active markets for identical items (unadjusted)
Level 2: Observable direct or indirect inputs other than Level 1 inputs
Level 3: Unobservable inputs (i.e. not derived from market data).
The classification of an item into the above levels is based on the lowest level of the inputs used that has a significant effect on the fair value measurement of the item and transfers of items between levels are recognised in the period they occur.
The financial assets and financial liabilities of the Bank that either require fair value measurements or only fair value disclosures as at December 31, 2015 are disclosed in Note 42.

### 6.18 Dividend distribution and appropriation

Dividends (including bonus dividend) and other appropriations (except appropriations which are required by law) are recognized in the period in which these are approved.

### 6.19 Earnings per share

The Bank presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Bank by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any.

### 6.20 Segment reporting

A segment is a distinguishable component of the Bank that is engaged either in providing particular products or services (business segment), or in providing product or services within a particular economic environment (geographical segment), and is subject to risk and rewards that are different from those of other segments. The Bank has only one reportable segment. The Bank is engaged in providing agri-financing and operates only in Pakistan.

### 6.21 Related party transactions

Transactions involving related parties arising in the normal course of business are conducted at arm's length at normal commercial rates on the same terms and conditions as third party transactions using valuation modes as admissible.

### 6.22 Other payables

Liabilities for other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for the goods and services received, whether or not billed to the Bank.

### 6.23 Other receivables

These are recognized at cost, which is the fair value of the consideration given. An assessment is made at each balance sheet date to determine, whether there is an indication that a financial asset, or a group of financial assets, may be impaired. If such an indication exists, the estimated recoverable amount of that asset is determined and an impairment loss is recognized for the difference between the recoverable amount and the carrying value.

### 6.24 Mark-up bearing borrowings

Mark-up bearing borrowings are recognized initially at cost being the fair value of consideration received, less attributable transaction costs. Subsequent to initial recognition mark-up bearing borrowings are stated at original cost less subsequent repayments.

### 6.25 Statutory reserve

In compliance with the requirements of the Banking Companies Ordinance, 1962, the Bank is required to maintain a statutory reserve to which an appropriation equivalent to $20 \%$ of the profit after tax is made till such time the reserve fund equals the paid up capital of the Bank. However, thereafter, the contribution is reduced to $10 \%$ of the profit after tax.
6.26 Cash reserve requirement

The Bank maintains liquidity equivalent to at least $5 \%$ of its time and demand deposits in the form of liquid assets i.e. cash and banks.

### 6.27 Grants

Grants of non-capital nature are recognized as deferred income at the time of their receipt. Subsequently, these are recognized in the income and expenditure account to the extent of the actual expenditure incurred. Expenditure incurred against grants committed but not received, is recognized directly in income and expenditure account and reflected as a receivable from donors.

Grants that compensate the Bank for the cost of an asset are recognized in the profit and loss account as other operating income on a systematic basis over the useful life of the asset.

The grant related to an asset is recognised in the balance sheet initially as deferred income when there is reasonable assurance that it will be received and that the Bank will comply with the conditions attached to it.

### 6.28 Contingencies

A contingent liability is disclosed when the Bank has a possible obligation as a result of past events, existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank or the Bank has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

### 6.29 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates and judgments. It also requires the management to exercise its judgment in the process of applying the Bank's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Bank's financial statements or where judgment was exercised in application of accounting policies described in notes are as follows:

## a) Classification of investments

As described in Note 6.4, investments 'held for trading' are the securities acquired principally for the purpose of generating profits from short term fluctuations in market prices while investments 'held to maturity' are investments where the management has positive intention and ability to hold the same to maturity and 'available for sale' securities are investments that do not fall under the 'held for trading' or 'held to maturity' categories. The classification of these investments involves management judgment at the time of purchase whether these are 'held for trading', 'held to maturity' or 'available for sale' investments.
b) Provision against advances

The Bank reviews its loan portfolio to assess the amount of non-performing advances and provision required there against on regular basis. The amount of provision is determined in accordance with the requirements of Prudential Regulations issued by the State Bank of Pakistan (SBP) from time to time and the management's judgment in case of subjective provision.

## c) Defined benefit plans

Certain actuarial assumptions have been adopted as disclosed in Note 34 of these financial statements for the actuarial valuation of staff retirement benefit plans. Actuarial assumptions are entity's best estimates of the variables that will determine the ultimate cost of providing post employment benefits. Changes in these assumptions in future years may affect the liability / asset under these plans in those years.
d) Operating fixed assets

Estimates of useful life of the property and equipment are based on the management's best estimates. Changes in the expected useful life are accounted for by changing the depreciation / amortization period or method, as appropriate, and are treated as change in accounting estimates. Such changes are accounted for as change in accounting estimate in accordance with the IAS 8 'Changes in Accounting Estimates and Errors'.
e) Impairment

## Impairment of available for sale equity investments

Available for sale equity investments are impaired when there has been a significant or prolonged decline in the fair value below its cost. The determination of what is significant or prolonged requires judgment. In making this judgment, the Bank evaluates among other factors, the normal volatility in share price.

## Impairment of investments in subsidiary and associates

The Bank considers that a decline in the recoverable value of investment in subsidiary and associates below their cost may be evidence of impairment. Recoverable value is calculated as the higher of fair value less costs to sell and value in use. An impairment loss is recognized when the recoverable value falls below the carrying value and is charged to the profit and loss account.

## Impairment of non-financial assets (excluding deferred tax)

The carrying amounts of non-financial assets are reviewed at each reporting date for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists, and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amounts. The resulting impairment loss is taken to the profit and loss account.
f) Taxation

In making the estimates for income tax currently payable by the Bank, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past. In making the provision for deferred tax, estimates of the Bank's future taxable profits are taken into account.
g) Provision and contingent liabilities

The management exercises judgment in measuring and recognizing provisions and exposures to contingent liabilities related to pending litigations or other outstanding claims. Judgment is necessary in assessing the likelihood that a pending claim will succeed, or a liability will arise, and to quantify the possible range of the financial settlement. Because of inherent uncertainty in this evaluation process, actual losses may be different from the originally estimated provision.
6.30 Exceptional items

Exceptional items are disclosed separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the Bank. They are material items of income or expense that have been shown separately due to the significance of their nature or amount.

### 11.4 Particulars of write offs

### 11.4.1 Against provisions

Write offs of Rupees 500,000 and above
Write offs of below Rupees 500,000

### 11.5 Particulars of charged offs

11.5.1 Against provisions
11.5.2 Charge offs of Rupees 500,000 and above

Charge offs of below Rupees 500,000

### 11.6 Details of write offs of Rupees 500,000 and above

In terms of sub-section (3) of section 33A of the Banking Companies Ordinance, 1962 the statement in respect of written-off loans or any other financial relief of five hundred thousand rupees or above allowed to a person(s) during the year have to be disclosed. However, this write off does not effect the Bank's right to recover debts from these customers. During the year ended December 31, 2015, no write-off or any other financial relief of five hundred thousand rupees or above was allowed to any person(s).

### 11.7 Particulars of charged off

In terms of Prudential Regulations for Agricultural Financing - Part B (specific regulations) the Bank extinguishes its loans through provisions. The total balance for these off-balance sheet loans extinguished against provisions as at December 31, 2015 was Rs. 22,467 million (Rs. 25,741 million as at December 31, 2014) with an addition of Rs. 1,229 million (Rs. 1,352 million for the year ended December 31, 2014) as charge off loans during the year. Detail of charge offs out of extinguished loan portfolio exceeding five hundred thousand rupees is given at Annexure-l.

### 11.8 Particulars of loans and advances to directors, executives and officers

Debts due by the directors, executives and officers of the Bank or any of them either severally or jointly with other persons:

|  | 5785,887 | 969,349 |
|  | $57,143,100$ | 969,349 |

16.3 As per agreement with the SBP, these loans were obtained for providing finance to customers for agriculture purposes. Three credit lines amounting to Rs. 1.577 billion carried interest rate of $4.00 \%$ per annum while remaining thirty two credit lines amounting to Rs. 48.597 billion were based on profit and loss sharing subject to maximum share of profit to the SBP ranging from $4.00 \%$ to $10.00 \%$ per annum. These loans were secured by way of guarantee of Government of Pakistan (GoP).
16.4 These loans were given by the SBP for the purpose of providing finance to agro based industry. These were subject to profit and loss sharing with a maximum share of profit to the SBP ranging from $4.00 \%$ to $6.00 \%$ per annum. These were secured by guarantee given by the GoP.
16.5 In view of future financial viability and sustainability of the Bank, in a meeting, held on July 11, 2014 among Ministry of Finance (MoF), State Bank of Pakistan (SBP), Securities \& Exchange Commission of Pakistan (SECP) and the Bank, it was decided to convert outstanding SBP debt - principal (Rs. 51.257 billion), subordinated loan (Rs. 3.204 billion) and accrued mark-up (Rs. 35.030 billion) owed by the Bank to SBP as on June 30, 2014 into equity investment of SBP in the Bank. It was also decided that Bank's claim against Government of Pakistan (GoP) on account of mark-up differential and various Presidential Relief Packages shall be waived off by the Bank procedurally. As decided, the Board of Directors of the Bank in its meeting dated July 18, 2014 and the shareholders of the Bank in their extra ordinary general meeting dated August 13, 2014 approved the conversion of SBP debt of Rs. 89.491 billion into $8,949,098,476$ fully paid-up ordinary shares as equity investment of SBP in the Bank and the Bank's claim against the GoP was waivedoff / written-off.

However, subsequent to the reporting date, it was mutually agreed between the Bank and SBP that SBP debt - principal amounting to Rs. 54.460 billion (SBP borrowings amounting to Rs. 51.257 billion and subordinated loan amounting Rs. 3.204 billion) be converted into redeemable preference shares carrying a mark-up of $7.5 \%$ per annum, redeemable in one bullet payment on December 31, 2025. The mark-up on preference shares shall be payable half yearly on June 30 and December 31, each year and shall be the contractual obligation of the Bank.

Mark-up on the existing debt shall be accrued up to December 31, 2015 as per existing arrangements, leading to increase in accrued mark-up from Rs. 35.030 billion as on June 30, 2014 to Rs. 40.156 billion as on December 31, 2015. The accrued mark-up of Rs. 40.156 billion be converted into ordinary shares of the Bank, which has been shown as share deposit money of the Bank. The Board of Directors in their meeting held on February 02, 2016 and further in consultation with SBP, resolution by circulation dated February 19, 2016, was approved by the Board of Directors of the Bank and has resolved to convert of SBP debt into preference shares and mark-up into ordinary shares of the Bank for which members approval will be obtained.
The principal of the preference shares and return thereon shall be guaranteed by the Federal Government of Pakistan.
16.6 It carries markup at the rate of $6.15 \%$ (2014: 9.75\%) and is secured against Pakistan Investment Bonds of carrying value of Rs. 4,967.633 million and Market Treasury Bills of carrying value of Rs. 947.816 million (2014: Market Treasury Bills of carrying value of Rs. 970.050 million). This is repayable by January 2016.

|  |  |  |

17.1 This represents term deposits having tenure of 3 to 60 months (2014: 3 to 12 months) carrying interest at the rates ranging from $6.00 \%$ to $8.25 \%$ (2014: $6.50 \%$ to $9.25 \%$ ) per annum.
17.2 This includes Rs. 12.172 million excluding branch adjustment account amounting to Rs. 66.190 million as deposit of Kissan Support Services (Private) Limited, wholly owned subsidiary of the Bank and Rs. 92.071 million (2014: Rs. 62.993 million) as deposit of employees' benefit funds.
17.3 This includes Rs. 0.063 million (2014: Rs. 1.384 million) as deposit of Kissan Support Services (Private) Limited, wholly owned subsidiary of the Bank and Rs. 0.010 million (2014: Rs. 0.010 million) as deposit of employees' benefit funds.

## 18 SUB-ORDINATED LOAN

As per restructuring plan of the Bank approved by the ECC of the Cabinet, the SBP's equity holding of Rs. 3.204 billion was converted into subordinated loan on terms to be agreed with the SBP. Accordingly, the Bank submitted a proposal to the SBP for restructuring the debt according to which the SBP's debt of Rs. 51.257 billion and SBP's subordinated debt of Rs. 3.204 billion was repayable in 15 equal annual installments commencing from 2006 onward with the provision to make repayment of the subordinated debt in the last installment and rate of mark up to be pegged at weighted average yield of 12 months Treasury Bill rate of $2.3558 \%$ per annum as per Treasury Bill auction dated June 12, 2003 and capped at the aforesaid markup rate for an initial period of five years.

As more fully explained in Note 16.5, the Bank is in process to issue redeemable preference shares and ordinary shares to the SBP against sub-ordinated debt and related mark-up thereon.

## 23 CONTINGENCIES AND COMMITMENTS

### 23.1 Contingent assets

23.1.1 The Government of Pakistan reduced the markup rates on the Bank's advances from $14 \%$ to $9 \%$ vide Presidential Relief Package 2004 w.e.f. July 01, 2004. As per the directive of the Bank's Board of Directors, the Bank requested the Ministry of Finance to compensate the loss of revenue due to this reduction in rate of markup. The total claim in this respect was worked out at Rs. 33,062 million for the period from July 01, 2004 to June 30, 2014. This amount was not accounted for in these financial statements as the formal approval from Ministry of Finance was not received by the Bank. However, as more fully explained in Note 16.5, the Board of Directors has resolved to waive off this claim along with claims against Presidential Relief Packages (Note 23.1.2).
23.1.2 There was a contingent asset of an amount of Rs. 1.708 billion (2014: Rs. 1.708 billion) receivable from the Federal Government on account of following Presidential Relief Packages:

|  | 2015 | 2014 |

23.2 Contingent liabilities
23.2.1 Contingent liabilities in respect of 471 cases (2014: 521 cases) filed against the Bank by various borrowers.
$\xlongequal{4,094,925} \xlongequal{4,580,091}$
23.2.2 Contingent liabilities in respect of 480 cases (2014: 458 cases) filed against the Bank in various courts of law by the employees.

| 2,317,838 |
| :--- |

23.2.3 This includes (Note 23.2.2) an amount of Rs. 2,063.00 million (2014: Rs. 1,359.00 million) regarding case related to reduction in pension factor decided against the Bank by the Honorable Islamabad High Court. The Bank has filed a review petition before the Honorable Islamabad High Court. The legal advisor of the Bank has opined that the Bank has a very strong case both on legal as well as factual grounds and hence no provision has been made in these financial statements as favourable outcome is expected
23.2.4 There is a contingency of an amount of Rs. 297.149 million and Rs. 54.828 million on account of minimum income tax levied by the income tax authorities under section 80-D of the Income Tax Ordinance, 1979, and various tax refunds pertaining to assessment years 1991-92 to 1998-99 and assessment year 1999-2000 respectively despite the income of the Bank being exempt from tax up to income year ended 30 June 1999. The Bank paid, under protest, these disputed tax demands and also filed writ petition in this respect in the Honorable Lahore High Court, Rawalpindi Bench, Rawalpindi. Later on, the Bank withdrew the said petition on the directions of the Federal Government and the case was referred to the Law and Justice Division of the Government of Pakistan (GoP) which decided the reference in the Bank's favour. The Federal Board of Revenue (FBR), disagreed with the aforesaid decision, further took up the matter with Federal Cabinet for its review. Federal Cabinet referred the case to the Attorney General of Pakistan (AGP) for final decision which was received on March 12, 2011 whereby the AGP decided that Section 27-A of the ADBP Ordinance should prevail over the said section 80-D of the Income Tax Ordinance, 1979.
23.2.5 Income Tax Department under section 161 / 205 of the Income Tax Ordinance, 2001 levied income tax amounting to Rs. 7.714 million for the tax year 2004. The Bank filed an appeal before the Commissioner Inland Revenue - Appeals (CIR-A) who decided the case in favour of the Bank. However, being aggrieved, the FBR has filed an appeal before the Appellate Tribunal Inland Revenue (ATIR), where case is pending. The Bank has not accounted for the demand as tax payable, as a favourable decision is expected.
23.2.6 The cases relating to taxation matters of the Bank for the assessment years 2002-2003 and tax years 2003 to 2009 were contested by the Bank at various forums. ATIR vide its orders dated June 09 2010, March 01,2011, July 22, 2011 and April 16, 2012 has decided most of the issues involved in favour of the Bank.

Final appeal effects order has also been received by the Bank as per decisions of ATIR resulting in net refunds of Rs. 4.640 billion out of which Rs. 1.887 billion has been adjusted against payment of advance tax for the period from June 2012 to May 2013. However, Commissioner Inland Revenue (CIR) has filed reference applications under section 133 of the Income Tax Ordinance, 2001 against the aforementioned ATIR orders dated June 09, 2010, March 01, 2011 and July 22, 2011 before the Honorable Lahore High Court, Rawalpindi Bench for tax years 2003, 2004, 2006 and 2007 and Honorable Islamabad High Court, Islamabad for assessment year 200203 and tax years 2004, 2005, 2006, 2007, 2008 and 2009. No provision for income tax involved of approximately Rs. 9.917 billion has been recognized in these financial statements as the Bank is confident for a favourable outcome based on strong grounds of appeal and opinion of legal counsel of the Bank.
23.2.7 Deputy Commissioner Inland Revenue (DCIR) passed orders under section 122(4) of the Income Tax Ordinance, 2001 and raised demand of Rs. 3.307 billion for tax years 2008 and 2009. The Bank filed appeals before $\operatorname{CIR}(\mathrm{A})$ who maintained the order. The Bank filed an appeal against the said order before the ATIR which has been decided and cases have been remanded back to the assessing officer. No order, in this regard, has been received so far. The Bank has not accounted for the demand as tax payable, as a favourable outcome is expected.
23.2.8 Assistant Commissioner Inland Revenue (ACIR) raised demand of Rs. 429.747 million under section 161 of the Income Tax Ordinance, 2001 for the tax year 2010. $\operatorname{CIR}(A)$, against appeal filed by the Bank, remanded back the case to ACIR with the directions to provide opportunity to the assessee. The Bank and department both filed appeals before the ATIR which were decided in favour of the Bank. However, the department has filed reference application before Honorable Islamabad High Court, Islamabad under section 133 of the Income Tax Ordinance, 2001 which is pending for adjudication. The Bank has not accounted for the demand as tax payable, as a favourable decision is expected.
23.2.9 ACIR passed orders under section 122(5A) and raised demand of Rs. 3.288 billion for tax year 2010, Rs. 2.923 billion for tax year 2011 and Rs. 2.037 billion for tax year 2012. The Bank filed appeal before $\operatorname{CIR}(A)$ who remanded back the cases to ACIR. The Bank filed appeal with ATIR against the orders of the $\operatorname{CIR}(A)$ which was decided by the ATIR in favour of the Bank. However, the department has filed reference application before Honorable Islamabad High Court, Islamabad. The Bank has not accounted for the demand as tax payable, as a favourable decision is expected.
23.2.10 DCIR passed order under section 161/205 of the Income Tax Ordinance, 2001 and raised demand of Rs. 208.337 million for tax year 2011. The Bank filed appeal before CIR(A) against the orders of $\operatorname{DCIR}$ who remanded back the case to Assessing Officer for verification. The Bank has filed appeal before ATIR against the orders of the $\operatorname{CIR}(A)$. ATIR decided the case in favour of Bank on the issue of default surcharge. However, the department has filed reference application before Honorable Islamabad High Court, Islamabad. Further, the Assessing Officer on remanded back case after verification on various issues reduced the demand to Rs. 14.365 million.

Being aggrieved the Bank filed appeal before $\operatorname{CIR}(\mathrm{A})$ against the order of Assessing Officer on remanded back case deleted various issues and also confirmed the action of Assessing Officer on certain issues. Being aggrieved both the Bank and the department has filed appeal before ATIR against the orders of the $\operatorname{CIR}(A)$.The Bank has not accounted for the demand as tax payable, as a favourable decision is expected.
23.2.11 ACIR passed order under section 122(5A) of the Income Tax Ordinance, 2001 and raised demand of Rs. 4.920 billion for tax year 2013. The Bank filed appeal before $\operatorname{CIR}(\mathrm{A})$ against the orders of $\operatorname{ACIR}$ who deleted the demand on various issues and also confirmed the action of ACIR on certain issues. The Bank and FBR both have filed appeals before ATIR against the orders of the $\operatorname{CIR}(A)$ which were decided in favour of the Bank except Rs. 2.830 billion which were remanded back to ACIR. However, the department has filed reference application before Honorable Islamabad High Court, Islamabad. No provision for income tax involved has been recognized in these financial information, as a favourable outcome is expected.
23.2.12 DCIR passed order under section 161/205 of the Income Tax Ordinance, 2001 and raised demand of Rs. 27.792 million for tax year 2009. To avail the Government amnesty, the Bank paid Rs. 19.183 million under protest with waiver of penalty amount of Rs. 8.609 million under amnesty. The FBR allowed the amnesty to the Bank. The Bank has filed appeal before $\operatorname{CIR}(A)$ against the orders of DCIR who upheld the orders of DCIR. The Bank has filed appeal before ATIR against the orders of the $\operatorname{CIR}(\mathrm{A})$ who decided the case in favour of the Bank except remanded back the issue of profit on debt for verification. However, the department has filed reference application before Honorable Islamabad High Court, Islamabad. The Assessing Officer completed the proceeding on remanded back issue, the decision is awaited. The Bank has not accounted for the demand as tax payable, as a favourable decision is expected.
23.2.13 DCIR passed order under section 161/205 of the Income Tax Ordinance, 2001 and raised demand of Rs. 15.943 million for tax year 2012. The Bank filed appeal before $\operatorname{CIR}(A)$ against the orders of $\operatorname{DCIR}$ which has been decided. Being aggrieved the Bank filed appeal before ATIR against the orders of the $\operatorname{CIR}(A)$. The Bank has not accounted for the demand as tax payable, as a favourable decision is expected.
23.2.14 The cases relating to Federal Excise Duties / Sales tax matters of the Bank for the years 2008, 2009, 2010, 2011 and 2012 were contested by the Bank at various forums. ATIR vide its orders dated May 07, 2012, January 08, 2013, November 26, 2013 and March 13, 2014 has decided most of the issues involved in favour of the Bank. However, Commissioner Inland Revenue (CIR) has filed reference applications under section 47 of the Sales Tax Act, 1990 and under section 34A of the Federal Excise Act, 2005 against the aforementioned ATIR orders before the Honorable Islamabad High Court, Islamabad for years 2008, 2009, 2010, 2011 and 2012. No provision for amount involved of approximately Rs. 825.121 million has been recognized in theses financial statements as the Bank is confident for a favourable outcome.
23.2.15 The Bank is facing claims launched in various Courts, pertaining to post employment benefits and non-payments of advances and others. The matters are still pending before the Courts. As no amount is involved or not quantified in most of the cases, therefore, the contingent liability is not accurately quantifiable (2014: same as mentioned).

### 27.3 Commutation to employees

## - Under Staff Regulations - 2005

Commutation to employees under Staff Regulations - 2005 (SR - 2005) comprises the differential of $100 \%$ commutation of pension (on the basic pay admissible as on the date of option in respect of officers / executives under SSR-1961 opted for SR-2005) and amount received from pension fund thereof.

## - Voluntary Golden Handshake Scheme - 2011 for drivers

All drivers of the Bank having age between $55-59$ years as on January 01, 2011 were entitled for Voluntary Golden Handshake Scheme (VGHSS - 2011) subject to completion of 10-20 years of service. VGHSS - 2011 comprises commutation of pension, compensation, leave encashment, general provident fund, benevolent fund grant and medical facilities.

## 28 OTHER CHARGES

Penalties imposed by SBP
Fixed assets - written off

## 29 TAXATION

For the year:

| Current | $2,257,101$ | $2,973,440$ <br> $(67,963)$ |  |
| :--- | ---: | ---: | ---: |
| Deferred | 487,678 | 4,245 |  |
| Prior year | 29.1 | 361,424 | $2,909,722$ |
|  |  |  |  |

29.1 The Finance Act 2015 has introduced certain amendments relating to taxation of banking companies. As per these amendments, bank's income from dividend and capital gains are now taxed at the normal tax rates instead of previously applicable reduced rates. In addition, one-time super tax at the rate of 4 percent of the taxable income has also been levied. These amendments apply retrospectively for the tax year 2015, i.e year ended December 31, 2014. The effects of above amendments have been incorporated in these financial statements and an amount of Rs. 342.037 million (2014: Nil) has been recognised as prior year tax charge.

## 30 BASIC EARNINGS PER SHARE

Profit after tax for the year - Rupees in '000
Weighted average number of ordinary shares outstanding during the year
Basic earnings per share in Rupees

| $1,252,244,067$ |  |
| ---: | ---: |
|  | $5,417,384$ |

## 31 DILUTED EARNINGS PER SHARE

Profit after tax for the year - Rupees in ' 000
Weighted average number of ordinary shares outstanding during the year
Diluted earnings per share in Rupees

| 5,272,621 | 5,417,384 |
| :---: | :---: |
| 1,252,244,067 | 1,252,244,067 |
| 4.211 | 4.326 |

31.1 There is no dilutive effect on the basic earnings per share of the Bank. Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares in issue to assume conversion of all dilutive potential ordinary shares. The Bank has no dilutive equity instruments, however, share deposit money has not been treated as convertible instrument.

## 33 CREDIT RATING

JCR-VIS Credit Rating Company Limited, Karachi in their report dated June 18, 2015 has reaffirmed credit rating of the Bank at AAA/A-1+ (December 31, 2014: AAA/A-1+) with stable outlook and short-term credit rating of $\mathrm{A}-1+$ (December 31, 2014: A-1+).

## 34 DEFINED BENEFIT AND CONTRIBUTION PLANS

The Bank operates the following retirement benefit plans for its employees:
Pension Scheme - funded
Benevolent Scheme - funded
Post Retirement Medical Benefits - unfunded
Employees Gratuity Scheme - funded
Employees Compensated Absences - unfunded
Defined Contribution Plan

### 34.1 Pension scheme

### 34.1.1 General description

For employees who opted for the scheme introduced in year 1975 for clerical / non-clerical staff and in the year 1977 for officers / executives, the Bank operates an approved funded pension scheme on which contributions are made on the basis of actuarial recommendation. However, most of the officers / executives have been excluded from this scheme after opting new Staff Regulations introduced in 2005 (SR-2005) effective from 2006 and 2008.

### 34.1.2 Principal actuarial assumption

The latest actuarial valuation is carried out as at December 31, 2015. The actuarial valuations were made using the Projected Unit Credit (PUC) method based on the following significant assumptions:

|  | $\mathbf{2 0 1 5}$ | $\mathbf{2 0 1 4}$ |
| :--- | :---: | :---: |

| Comprehensive income | 1,381,187 | - | - | - | - |
| Benefits paid during the year | $(3,436)$ | (353) | - | - | - |
|  | 2,390,052 | 866,380 | 681,457 | 446,202 | 343,973 |

### 34.7 Risks associated with defined benefit plans

Investment risk
The risk arises when the actual performance of the investments is lower than expectation and thus creating a shorffall in the funding objectives.

## Longevity risk

The risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population.

## Salary increase risk

The most common type of retirement benefit is one where the benefit is linked with final salary. The risk arises when the actual increases are higher than expectation and impacts the liability accordingly.

## Withdrawal risk

The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

### 34.8 Defined contribution plan

The Bank operates an approved non-contributory provident fund (General Provident Fund) through an independent trust for 3,824 (2014: 4,061) employees who are governed under Staff Service Regulations 1961. Contributions to the fund are made by the employees only at the rate of $8 \%$ of mean of pay scale per month.
The Bank also operates Contributory Provident Fund scheme introduced in 2006 (w.e.f. July 2006) for 1,883 (2014: 1,716) employees governed under Staff Regulations 2005. Contributions to the Contributory Provident Fund are made by the employees and the Bank at the rate of $2 \%$ of monetized salary per month, if their remaining service is more than ten years from the date of option / appointment. During the year, the Bank contributed Rs. 41.626 million (2014: Rs. 79.646 million) in respect of this fund.

The Bank has contributory provident fund scheme for benefit of all its permanent employees under the title of following funds. The Funds are maintained by the Trustees and all decisions regarding investments and distribution of income etc. are made by the Trustees independent of the Bank.

Employees Provident Fund, Employees Provident Fund (Officers), Employees Contributory Provident Fund and Employees Provident Fund (Staff).
The Trustees have intimated that the size of the Funds at year end was Rs. $4,188.797$ million. As intimated by the Trustees, the cost of the investments made at year end was Rs. 3,913.853 million (2014: Rs. $3,754.394$ million) which is equal of $93.44 \%$ ( 2014 : $95.95 \%$ ) of the total fund size. The fair value of the investments was Rs. $4,120.054$ million (2014: Rs. $3,754.008$ million) at that date. The category wise break up of investment as per section 227 of the Companies Ordinance, 1984 is given below:

|  | 2015 | $\mathbf{2 0 1 4}$ |
| :--- | ---: | ---: |
|  | Rupees in '000 |  |
| Investment in TDR | 326,762 | $1,316,404$ |
| Pakistan Investment Bond | $3,587,090$ | $2,437,990$ |
|  | $3,913,852$ | $3,754,394$ |

According to the Trustees, investments out of provident fund have been made in accordance with the provisions of section 227 of Companies Ordinance, 1984 and the rules made thereunder. The figures have been taken from the un-audited accounts of the Funds.

## 40 CAPITAL ASSESSMENT AND ADEQUACY

### 40.1 Scope of application

The Basel III Framework is applicable to the Bank at the level of standalone financial statements of the Bank. Standardized Approach is used for calculating the Capital Adequacy for Credit and Market risk, whereas, Basic Indicator Approach (BIA) is used for Operational Risk Capital Adequacy purposes.

### 40.2 Capital management

## Objectives and goals of managing capital

The Bank manages its capital to attain following objectives and goals:

- an appropriately capitalized status, as defined by banking regulations;
- acquire strong credit ratings that enable an optimized funding mix and liquidity sources at lesser costs;
- cover all risks underlying business activities; and
- retain flexibility to harness future investment opportunities; build and expand even in stressed times.

## Statutory minimum capital requirement and capital adequacy ratio

The State Bank of Pakistan through its BSD Circular No. 07 dated April 15, 2009 requires the minimum paid-up capital (net of losses) for all locally incorporated banks to be raised to Rs. 10 billion by the year ended on December 31, 2013. The paid-up capital of the Bank for the year ended December 31, 2015 stands at Rs. 12.522 billion and is in compliance with the SBP requirement. In addition the banks are also required to maintain a minimum capital adequacy ratio (CAR) of $10.25 \%$ of the risk weighted exposure. The Bank's CAR as at December 31, 2015 is $49.74 \%$ of its risk weighted exposure.

The capital adequacy ratio of the Bank was subject to the Basel III capital adequacy guidelines stipulated by the State Bank of Pakistan through its circular BPRD Circular No. 06 dated August 15, 2013. These instructions are effective from December 31, 2013 in a phased manner with full implementation intended by December 31, 2019. Under Basel III guidelines banks are required to maintain the following ratios on an ongoing basis:

Phase-in arrangement and full implementation of the minimum capital requirements:

| S No. | Ratio | Year ended |  |  |  |  |  | As of 31 <br> Dec 2019 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | 2013 | 2014 | 2015 | 2016 | 2017 | 2018 |  |
| 1 | CET 1 | 5.00\% | 5.50\% | 6.00\% | 6.00\% | 6.00\% | 6.00\% | 6.00\% |
| 2 | ADT 1 | 1.50\% | 1.50\% | 1.50\% | 1.50\% | 1.50\% | 1.50\% | 1.50\% |
| 3 | Tier 1 | 6.50\% | 7.00\% | 7.50\% | 7.50\% | 7.50\% | 7.50\% | 7.50\% |
| 4 | Total Capital | 10.00\% | 10.00\% | 10.00\% | 10.00\% | 10.00\% | 10.00\% | 10.00\% |
| 5 | *CCB | - | - | 0.25\% | 0.65\% | 1.28\% | 1.90\% | 2.50\% |
| 6 | Total Capital plus CCB | 10.00\% | 10.00\% | 10.25\% | 10.65\% | 11.28\% | 11.90\% | 12.50\% |
|  |  |  | - *(Consis | ing of CE | only) |  |  |  |

Bank's regulatory capital is analyzed in to three tiers:
Common Equity Tier 1 capital (CET1), which includes fully paid up capital, share premium, general reserves, statutory reserves as per the financial statements and net unappropriated profits after all regulatory adjustments applicable on CET1 (refer to note 40.3).
Additional Tier 1 Capital (AT1) which includes perpetual non-cumulative preference shares and Share premium resulting from the issuance of preference shares balance in share premium account after all regulatory adjustments applicable on AT1. However, the Bank currently does not have any AT1 (refer to note 40.3).

Tier 2 capital, which includes subordinated debt, general provisions for loan losses (up to a maximum of $1.25 \%$ of credit risk weighted assets) and net of tax reserves on revaluation of equity investments up to a maximum of $67 \%$ of the balance after all regulatory adjustments applicable on Tier-2 (refer to note 40.3).

The required capital adequacy ratio (10.25\% of the risk-weighted assets) is achieved by the Bank through improvement in the asset quality at the existing volume level, ensuring better recovery management, striking compromise proposal and settlement and composition of assets mix with low risk. Banking operations are categorized as either trading book or banking book and risk-weighted assets are determined according to specified requirements of the State Bank of Pakistan that seek to reflect the varying levels of risk attached to assets and offbalance sheet exposures. The total risk-weighted exposures comprise the credit risk, market risk and operational risk.

Basel-III Framework enables a more risk-sensitive regulatory capital calculation to promote long term viability of the Bank. As the Bank carries on the business on a wide area network basis, it is critical that it is able to continuously monitor the exposure across entire organization and aggregate the risks so as to take an integrated approach / view. Maximization of the return on risk-adjusted capital is the principal basis to be used in determining how capital is allocated within the Bank to particular operations or activities.

The Bank remained compliant with all externally imposed capital requirements throughout the year. Further, there has been no material change in the Bank's management of capital during the year.

### 40.3.4 Additional Information

## Risk weighted assets subject to Pre-Basel III Treatment

37 Risk weighted assets in respect of deduction items (which during the transitional period will be risk weighted subject to Pre-Basel III Treatment)
(i) of which: deferred tax assets
(ii) of which: Defined-benefit pension fund net assets
(iii) of which: recognized portion of investment in capital of banking, financial and insurance entities where holding is less than $10 \%$ of the issued common share capital of the entity
(iv) of which: recognized portion of investment in capital of banking, financial and insurance entities where holding is more than $10 \%$ of the issued common share capital of the entity

## Amounts below the thresholds for deduction (before risk weighting)

38 Non-significant investments in the capital of other financial entities

39 Significant investments in the common stock of financial entities
40 Deferred tax assets arising from temporary differences (net of related tax liability)

## Applicable caps on the inclusion of provisions in Tier 2

41 Provisions eligible for inclusion in Tier 2 in respect of exposures subject to standardized approach (prior to application of cap)

42 Cap on inclusion of provisions in Tier 2 under standardized approach
43 Provisions eligible for inclusion in Tier 2 in respect of exposures subject to internal ratings-based approach (prior to application of cap)
44 Cap for inclusion of provisions in Tier 2 under internal ratingsbased approach

## 41 RISK MANAGEMENT

This section presents information about the Bank's exposure to and its management and control of risks, in particular, the primary risks associated with its use of financial instruments:

Credit risk is the risk of loss resulting from client or counterparty default.
Market risk is the risk of loss arising from adverse movements in market variables such as interest rates, exchange rates and equity indices.
Liquidity risk is the risk that the Bank may be unable to meet its payment obligations when due.
Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events, and therefore includes legal risk.
Equity position risk is the risk that arises due to changes in prices of individual stocks or levels of equity indices.

Risk management is a dynamic process of identification, measurement, monitoring and control and reporting risk. The Bank has setup a centralized risk management function at the organizational level which encompasses a broader framework of risk committees, risk management department and its units responsible for each category of risk i.e. credit, market, liquidity, operational and equity position risks. The Bank's risk management department is independent of the business and operations and directly reports to the President. The Bank's systematic and integrated risk management function for each category of risk is as follows:

### 41.1 Credit risk

Credit risk is the risk of financial losses arising when a customer or counterparty is unable or unwilling to perform as per the contractual terms resulting in reduction in portfolio value due to actual or perceived deterioration in the credit quality resulting in economic loss to the Bank. Principally, exposures are only approved when reasonably assured for repayment capacity of counter party. Standardized procedures are adopted and under no circumstances it exceeds approved credit lines. The Bank credit appraisal structure comprises of well-defined credit appraisal, approval and review methods for the purpose of prudence in its lending operations and ensuring credit across the Bank. The credit portfolio is reviewed and analyzed on quarterly basis and risk gaps are reported to the Credit Risk Committee for corrective measures. The Bank pays particular attention to the management of Non-Performing Loans (NPLs).

With the rolling-out of Obligor Risk Rating (ORR) Model for fresh borrowers in year 2010, credit portfolio is more effectively monitored as well as the loaning products. As an early warning signal, Portfolio at Risk (PAR) report is also be generated. This enables the management to take proactive measurements for having a quality credit portfolio / products.

With regards to Basel-II compliance, the Bank has implemented Standardized Approach for minimum capital requirements for credit risk. An internal credit rating system (obligor risk rating) is also under process which will be implemented in due course of time.

A robust MIS is prerequisite for establishment of an effective risk management system therefore the existing MIS of the bank is under going substantial up gradation process for strengthening of the data collection machinery to ensure the integrity and reliability of data.

Risk Management Department independently scrutinize agriculture portfolio on a continuous basis and report crucial findings to the senior management for strategic decision making. Risk factors are identified and necessary actions are recommended to mitigate these risk factors.
41.1.1 Credit risk - General disclosures
The Bank has adopted Standardized Approach of Basel II for calculation of capital charge against credit risk in line with SBP's requirements.
41.1.2 Credit risk: Disclosures for portfolio subject to the standardized approach
Under the Standardized Approach, the capital requirement is based on the credit rating assigned to counterparties by External Credit Assessment Institutions (ECAls) duly recognized by SBP for capital adequacy purposes. However, there are no exposures for which ratings from ECAls are used by the Bank.

### 41.1.3 Credit risk: Disclosures with respect to credit risk mitigation for standardized approach

The Bank does not make use of on and off-balance sheet netting in capital charge calculations under Basel-Il's Standardized Approach for Credit Risk.

### 41.1.4 Credit risk: Disclosures for portfolio subject to the standardized approach

The wholesale portfolio, which represents agricultural loans are ideally collateralized by land.
The Bank manages limits and controls concentrations of credit risk as identified. Concentrations of credit risk exist if clients are engaged in similar activities, or are located in the same geographic region or have comparable economic characteristics such that their ability to meet contractual obligations would be similarly affected by changes in economic, political or other conditions. The Bank sets limits on its credit exposure to counterparty, in line with SBP standards. Limits are also applied in a variety of forms to portfolios or sectors where the Bank considers it appropriate to restrict credit risk concentrations or areas of higher risk, or to control the rate of portfolio growth.

The Bank classifies a claim as impaired if it considers it likely that it will suffer a loss on that claim as a result of the obligor's inability to meet its commitments (including interest payments, principal repayments or other payments due). Advances are classified as non-performing where payment of interest, principal or fees is overdue by more than 90 days. The authority to establish allowances, provisions and credit valuation adjustments for impaired claims, is vested in Finance Division and is according to SBP regulations.

## Concentration of risk

Out of the total financial assets of Rs. 182,770 million (2014: Rs. 158,714 million) the financial assets which are subject to credit risk amount to Rs. 161,634 million (2014: Rs. 139,996 million). To manage credit risk the bank applies credit limits to its customers and obtains adequate collaterals. Investments amounting to Rs. 21,136 million (2014: Rs. 25,087 million) are guaranteed by the Government of Pakistan.

### 41.1.5 Equity position risk in the banking book

The Bank takes proprietary equity positions for strategic purposes. The Bank has invested in its subsidiary to achieve long term strategic objectives. As of December 31, 2015 the composition of equity investments and subsidiary is as follows:

## Exposures Available for sale Subsidiary

## Rupees in '000

Equity investments - publically traded
Equity investments - others
Total value

| $3,358,298$ | - |
| :---: | :---: |
| - | 100,000 |
| $3,358,298$ | 100,000 |

Bank classifies its equity investment portfolio in accordance with the directives of SBP as follows:

Investments - Available for sale
Investment in subsidiary
The accounting policies for equity investments are designed and their valuation is carried out under the provisions and directives of State Bank of Pakistan, Securities and Exchange Commission of Pakistan and the requirements of approved International Accounting Standards as applicable in Pakistan.

In accordance with the requirements of the State Bank of Pakistan, quoted securities, other than investments in subsidiary are subsequently re-measured to market value. Surplus / (deficit) arising on revaluation of quoted securities which are classified as 'available for sale', is taken to a separate account which is shown in the statement of financial position below equity. The surplus / (deficit) arising on these securities is taken to the profit and loss account when actually realized upon disposal.

Unquoted equity securities are valued at the lower of cost and break-up value. Break-up value of equity securities is calculated with reference to the net assets of the investee company as per the latest available audited financial statements.

The cumulative unrealized gain of Rs. $3,340.657$ million (2014: Rs. $4,020.679$ million) is recognized in the statement of financial position in respect of 'available for sale' securities.
41.1.6 Segmental information
Segmental information is presented in respect of the class of business and geographical distribution of advances, deposits, contingencies and commitments.

41.3 Mismatch of interest rate sensitive assets and liabilities
The Bank's interest rate exposure originates from its investing and borrowing activities. Interest rate risk in the banking book is the risk of adverse changes in earnings and / or capital due to mismatched assets and liabilities in the banking book. The Asset and Liability Management Committee (ALCO) of the Bank monitors and controls mismatch of interest rate sensitive assets and liabilties. The Risk Management Department calculates duration and convexiv measures to assess the impact of interest rate changes on its investment porffolio. Interest rate risk stress tests are conducted bi-annually to assess the impact of a parallel shift in the yield curve of the Bank's capital using sensitivity positions.

### 41.5 Operational risk

- Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and system or from external events. In order to manage operational issues, an Operational Risk Model (ORM) has been developed which comprises Key Risk Indicator (KRI), Control Self Assessment (CSA) and Corporate Governance (CG). This model has been successfully implemented in all large and medium branches of the Bank. The data of the Operational Risk Model is collected and analyzed on quarterly basis and risk gaps are elevated to Operational Risk Committee for corrective measures. This model will be rolled out to the remaining branches of the bank in a phased manner.
- With regards to Basel-II compliance, the Bank has implemented Basic Indicator Approach (BIA) for minimum capital requirements for operational risk. Disaster recovery and business continuity plan has also been revised. It includes separate IT business continuity plan which caters to IT specific business continuity planning requirements.

### 41.6 Fair value of financial instruments

The fair value of traded investments is based on quoted market prices, except for tradable securities classified by the Bank as 'held to maturity'.

Fair value of unquoted equity investments is determined on the basis of break up value of these investments as per the latest available audited financial statements.

Fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of loans and advances has been calculated in accordance with the Bank's accounting policy as stated in Note 6.3 to these financial statements.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short-term in nature or in the case of customer loans and deposits are frequently re-priced.

## 42 FAIR VALUE MEASUREMENT

Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and fair value estimates.

Underlying the definition of fair value is the presumption that the Bank is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Assets which are traded in an open market are revalued at the market prices prevailing at the close of trading on the reporting date. The estimated fair value of all other financial assets and liabilities is not considered to be significantly different from book values as the items are either short-term in nature or periodically repriced.

Set out below is a comparison by category of carrying amounts and fair values of the Bank's assets and liabilities, that are carried in the statement of the financial position:

| Carrying amount |  | Fair Value |  |
| :---: | :---: | :---: | :---: |
| 2015 | 2014 | 2015 | 2014 |
| ---------------- Rupees-------------------- |  |  |  |

## Assets

Available for sale securities

$$
\begin{array}{rrrr}
13,739,485 & 20,291,276 & 13,739,485 & 20,291,276 \\
\hline \hline
\end{array}
$$

The management assessed that the cash and banks, advances, deposits, other assets and other liabilities approximate their fair value amounts largely due to the short-term maturities of these instruments.

## Fair value hierarchy

International Financial Reporting Standard (IFRS) 13, "Fair Value Measurement" requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

The Bank use the following hierarchy for determining and disclosing the fair value of the assets and liabilities by valuation method:

Level 1: based on quoted (unadjusted) prices in active markets for identical assets or liabilities.
Level 2: based on valuation techniques whereby all inputs having a significant effect on the fair value are observable, either directly or indirectly and includes quoted prices for identical or similar assets or liabilities in markets that are not so much actively traded.

Level 3: based on valuation techniques whereby all inputs having a significant effect on the fair value are not observable market data.

The following table provides the fair value measurement hierarchy of the Bank's assets and liabilities. The valuation was carried at December 31, 2015.

|  | Level of | Inter- <br> Significant <br> unobservable <br> inputs <br> between |  |
| :---: | :---: | :---: | :---: |
| hierarchy | unobservable <br> inputs and fair <br> Rupees |  |  |
| value |  |  |  |

## Valuation technique used \& key inputs

Revaluation rates for T-bills are contributed by money market brokers on daily basis and daily prices announcement by Pakistan Stock Exchange for listed securities.
During the reporting period there were no transfers into and out of level 3.
Investment in subsidiary and other unlisted securities have not been carried out at fair value in accordance with the SBP guidelines.

## 43 EVENTS AFTER THE REPORTING PERIOD

As explained in Note 16.5 to the unconsolidated financial statements, the Bank has obtained borrowings and subordinated loan from the State Bank of Pakistan during the prior years. In a meeting, held on July 11, 2014 among Ministry of Finance (MoF), State Bank of Pakistan (SBP), Securities \& Exchange Commission of Pakistan (SECP) and the Bank, it was decided to convert outstanding SBP debt - principal (Rs. 51.257 billion), sub-ordinated loan (Rs. 3.204 billion) and accrued mark-up (Rs. 35.030 billion) owed by the Bank to SBP as on June 30, 2014 into equity investment of SBP in the Bank. It was also decided that Bank's claim against Government of Pakistan (GoP) on account of mark-up differential and various Presidential Relief Packages shall be waived off by the Bank procedurally. As decided, the Board of Directors of the Bank in its meeting dated July 18, 2014 and the shareholders of the Bank in their extra ordinary general meeting dated August 13, 2014 approved the conversion of SBP debt of Rs. 89.491 billion into $8,949,098,476$ fully paid-up ordinary shares as equity investment of SBP in the Bank and the Bank's claim against the GoP have been waived-off / written-off.
However, subsequent to the balance sheet date, the Board of Directors of the Bank in their meeting held on February 2, 2016 and further, in consultation with the State Bank of Pakistan, a resolution by circulation dated February 19, 2016 was approved by the Board of Directors of the Bank, that the SBP debt - principal amounting Rs. 54.460 billion (SBP borrowings amounting Rs. 51.257 billion and sub-ordinated loan amounting Rs. 3.204 billion) be converted into redeemable preference shares carrying a mark-up of $7.5 \%$ per annum, redeemable in one bullet payment on December 31, 2025 . The mark-up on preference shares shall be payable half yearly on June 30 and December 31, each year and shall be the contractual obligation of the Bank. Mark-up on the existing debt shall be accrued up to December 31, 2015 as per existing arrangements, leading to increase in accrued mark-up from Rs. 35.030 billion as on June 30, 2014 to Rs. 40.156 billion as on December 31, 2015.

The accrued mark-up of Rs. 40.156 billion be converted into ordinary shares of the Bank, which has been shown as share deposit money of the Bank. The impact of mark-up from June 30, 2014 to December 31, 2015 has been recorded in these financial statements due to continuous events. The members' approval is pending for resolution passed by the Board of Directors.

## 44 CORRESPONDING FIGURES

Corresponding figures have been rearranged and reclassified, wherever necessary for the purposes of comparison and for better presentation. However, no significant reclassification has been made during the year except balances with other banks amounting to Rs. 389.258 million which have been reclassified to cash and balances with treasury banks for better presentation.

## 45 DATE OF AUTHORIZATION FOR ISSUE

These financial statements were authorized for issue on March 31, 2016 by the Board of Directors of the Bank.

## 46 GENERAL

The figures in the financial statements are rounded off to the nearest thousand rupees.

[^1]:    

[^2]:    The Bank is not involved in commercial activities like underwriting, trading and discounting operations. The Bank operates foreign currency transactions through SBP in local currency. The Bank is not exposed to interest rate risk as it has a fixed lending rate portfolio of advances and investments / placements are being placed in held to maturity securities / investments. Correspondingly, the borrowing from SBP is in the process of conversion into equity instruments. Liquidity position of the Bank is closely monitored by the Asset Liabilities Management Committee (ALCO) on periodic basis.

    With regards to Basel-II compliance, the Bank has implemented Standardized Approach (SA) for minimum capital requirements for market risk.
    41.2.1 Foreign exchange risk management

    The Bank is not directly exposed to foreign exchange risk as the Bank is not engaged in foreign operations. Foreign transactions, if any, are
    undertaken through SBP.
    41.2.2 Equity price risk
    The Bank's proprietary positions in the equity instruments expose it to the equity price risk in banking book. Equity price risk is managed by applying limits. The stress test for equity price risk assesses the impact of fall in stock market index. This exercise is done based on the criteria advised by SBP for Stress Testing on Equities.
